Our advantages

Our laboratory capacity

Eurofins laboratories are independent companies led by an entrepreneur, enjoying significant autonomy while leveraging the knowledge and capabilities of our network.

We have consolidated sites into large, high-throughput Centres of Excellence, in order to unlock the potential of economies of scale for our clients.

Our network is underpinned by cutting-edge proprietary IT solutions and logistical capabilities.

Our one-of-a-kind laboratory infrastructure is unique in the market.

Machine

UV/VIS, HPLC/UV, HPLC/FLD, GC/FID, LC/MS/MS, ICP-MS, AAS, ELISA, PCR-Realtime

Parameters

Additives, Allergen, Amino Acid, Antibiotics / Veterinary drug, Dioxins, Fatty Acid Profile , GMO, Heavy metals, Mycotoxins, Nutrition, Pesticide, Vitamin

100+
Professionals
and technicians

Why choose us

Digital customer management platform

- Updating and tracking the process and report at the exclusive e-system
- Get feedback and take care of customers through the CRM system
- Connect to the global network of laboratories through the laboratory management system

Updated and innovated the newest test methods

- **1000+** Total **methods**
- **1500+** Parameters recognized according to **ISO 17025**
- **10 days** Time to develop a method according to the **customer's request**
- **98%** Of clients/partner are **satisfied** with our service
- **0.003/0.010ppm** LOD/LOQ of **Pesticide testing**
-  Meet the **standards** and **regulation** of key export **markets**
